WELCOME TO CAMP U of T!

As part of the University of Toronto's Faculty of Kinesiology and Physical Education, Camp U of T offers a range of programs for children ages 4 to 17 years, all designed to promote healthy, active lifestyles.

Conveniently located on the University's downtown campus, campers enjoy access to world-class facilities including the Goldring Centre for High Performance Sport, Varsity Centre, Athletic Centre and Back Campus fields.

Our counsellors and staff, a majority of whom are U of T students, are committed to providing our campers with the experience of a lifetime.

In the pages that follow, you will find the full schedule of camps being offered for this summer.

We are looking forward to another exciting and active summer. Hope to see you here!

REGISTRATION

Registration opens February 17, 2022 for all programs.

AGE GUIDELINES

Age guidelines for Camp U of T programs have been set to be appropriate for the developmental stage of the child, the facility in which the program is held and the program goals. Your child’s safety and enjoyment of our programs are of paramount importance to us and we ask that all parents and guardians adhere to these age guidelines. **In programs for 4 to 7-year olds, the child must be the appropriate age by the first day of camp;** this is for the safety of all campers and staff, particularly around swimming and supervision. We will not accommodate any requests for age exception in these age groups and we reserve the right to ask for proof of age. In all Camp U of T programs for children ages 8 and older, the participant must be the appropriate age **BEFORE** December 31, 2022. If your child is too young to participate this year, we look forward to seeing them in our programs next year! If you would like to enroll your older child in a program that is set for younger children, please contact us to discuss the specifics.

GETTING READY FOR REGISTRATION

Registration day can be busy, particularly at 7 a.m. when registration first opens. When you log in, you may be placed into a virtual queue.
