

## University of Toronto Intramural Inclement Weather Guidelines

The safety of all players and officials is the primary concern during any weather related incident that occurs within the University of Toronto Intramural program. By understanding and abiding by the information presented below, the safety of all stakeholders will be addressed.

### General Information

- All University of Toronto Intramural competitions will be played rain or shine (including snow, high winds, or high/low temperature) unless otherwise notified in advance by the Intramural department.
- University of Toronto Intramurals will endeavor to reschedule games cancelled due to inclement weather, however we cannot guarantee that games will be rescheduled due to facility, team, and staffing availability. Refunds will not be provided for cancellations due to inclement weather.
- The University of Toronto Intramural program will follow all University and KPE Faculty closure decisions and policies where relevant. This information will be provided to team captains as soon as it becomes available. Teams can also monitor the campus status here: <https://www.utoronto.ca/campus-status>
- When direction is not provided by the University or the Faculty, and because weather conditions and predictions change rapidly, the Intramural Program will only make the decision to cancel games due to inclement weather on site. This decision will be made by the Game Manager, following the decision making rubric outlined below. Teams are expected to attend the games rain or shine, and are asked to respect the decision made by the Game Manager.
- When Games are suspended or abandoned due to inclement weather, the existing score will stand as the final score if 20 minutes or more has been played. Ie, if the game began at 6:30pm, and the score was 3-1 at 6:55pm when the game was called off, the final score would be entered as 3-1. If the game did not reach the minimum 20 minute threshold, the score will not be entered and the game will be considered cancelled pending reschedule. If the game can be resumed within the appropriately scheduled time (from 6:30pm to 7:30pm), the total time played will count towards a completed game.
- All players are encouraged to leave the field of play and seek the nearest shelter when a game has been cancelled due to inclement weather.
- When a cancellation is called by the Game Manager on site, the Manager of Tri-Campus Sports is to be notified as soon as reasonably possible.
